KEY CONTROL™ D E A D B O L T

THE SMART ALTERNATIVE TO MASTER KEYING IN A NEW CONTEMPORARY STYLE

Re-keying & managing a traditional master key system is labor intensive, time consuming & costly. With the first & only two cylinder Key Control Deadbolt, either cylinder can be re-keyed in seconds, without removing the lock from the door.

Key Control

- Two separate cylinders, Tenant & Property Manager, allows for more tenant key cuts than a traditional master key system
- New proprietary keyway adds security - the tenant key will never fit into the Property Manager Cylinder
- The Property Manager Cylinder is concealed when not in use to avoid tenant confusion

Increased Efficiency

- Re-key the lock without removing from the door
- Save time & money by re-keying yourself
- Maintain key control throughout tenant and employee turnover

Perfect for multi-family dwellings, student housing, assisted living & rental properties.

All other Kwikset & Kwikset Signature knob and lever products use half-round plain and deadlatches. Plainlatches are used with passage and privacy functions. Deadlatches are used with entry functions. All fronts are 2-1/4" high. For fire rating, UL latches must be used with UL listed locksets and applicable strikes. UL Kwikset and Kwikset Signatures are rated for 3 hours, unless otherwise specified. Optional UL 1/3 hour fire rating is available for all functions (FD).
