ABOUT OLYMPUS® LOCK

Institutional grade cabinet locks

EXPERIENCE

Olympus Lock has over 30 years of experience designing and manufacturing easily rekeyable pin tumbler, interchangeable core and engineered cabinet lock bodies for third party cylinders. We offer a wide selection of keyways and cabinet lock solutions for commercial and institutional facilities. Our design philosophy is to create locks that provide long-term benefits to the facility through increased efficiency and easy maintenance.

INNOVATION

We hold numerous U.S. and Canadian patents proving our commitment to provide innovative solutions for your cabinet lock needs. It has always been the intent of Olympus to provide cabinet locks that are easy to install, use and service. Each product is carefully designed, engineered and manufactured to exacting standards. We offer a wide range of accessories to make the installation, use, and service of our products as easy as possible.

SERVICE

Our delivery is the fastest in the industry. We have an extensive inventory of off-the-shelf masterkeyed locks and can ship most custom keyed orders within 1-5 business days.

SPECIFICATIONS

Olympus is an AIA certified education provider. We provide comprehensive pre-written architectural specifications for each of our locks. Specifications can be downloaded directly from our web site at www.olympuslock.com or refer to the specifications listed in our full-line Olympus Lock product catalog.

APPLICATIONS

Olympus cabinet locks are used in a variety of cabinet and casework applications including: K-12 public schools, colleges and universities, correctional facilities, medical offices, hospitals, casinos, retail cash drawers, lockers, kiosks, retail showcases, airline ticket counters, museums, hotels and motels, amusement parks, theaters, restaurants, country clubs, libraries, airports, police stations, fire stations and churches.

PIN TUMBLER SOLUTIONS

Olympus Lock specializes in pin-tumbler cabinet locks for the institutional and retail marketplace. When large numbers of locks will be installed within a facility, pin tumbler locks are preferred because they are more secure and allow the complex master keying and sub-master keying required in larger institutional settings such as schools, banks and hospitals. We provide a wide range of cabinet lock options for the cost conscious, yet security minded user. Beyond that, we can supply cabinet locks keyed to match your door hardware allowing for "one-key" simplification.

ELECTRONIC KEY RECORDS

We manage and save all our custom keying records for future reference. Need to add locks to an existing job? No problem. We've got all the records at our fingertips making it easy for you to order locks for various job phases. We manage the records so you don't have to.

CONTACT

HANDING

STANDARD FUNCTION

Key removable in the locked or unlocked position. Locks ship with standard function unless key retaining is specified at time of order.

KEY RETAINING

The key cannot be removed from the lock while in the "unlocked" position. Key-retaining function is generally used in instances where cabinets or drawers should not be left unlocked.

HANDING

Handed locks must be ordered either LH, RH, VH or IH (see figure at left).

Non-handed locks can be ordered as either door or drawer. Door locks will work in both LH or RH applications and drawer locks will work for both vertical or inverted function.

FINISHES

FINISH CODES

Not all finishes are available on all products. See catalog or price page for the standard finishes available on a specific item.

US Code	BHMA	Description
US10B (10B)	613	Oil rubbed bronze

HOW TO ORDER

ORDERING LOCKS

Olympus needs certain information about the locks you are ordering to correctly fill your order. For most of our locks you will need to indicate:

- barrel / cylinder length
- finish / color
- keying information KA, KD or MK

STOCK KEYED LOCKS

N Series National keyway (4-pin): KD, KA# 101, 103, 107, 915
 - **100/200/DCN Series:** Additional (4-pin) KA# 51001, 51002, 51003, 51004
 - **T37 Series:** Additional (4-pin) 51001 to 51011 and 001 to 030

R Series CCL R1 keyway (5-pin): KD, KA# 4T2, 4T3

S Series Schlage C keyway (5-pin): KD, 0-BIT, KA# 101, 102

CUSTOM KEYING SERVICES

Olympus Lock offers custom keying services for your special cabinet lock keying needs. We inventory a huge supply of master keyed locks on our most popular keyways so that we can quickly fulfill your custom keyed order. We pride ourselves on being able to ship your master keyed order faster than anyone else in the industry. If you have other special keying needs such as grand master keying or non-stock master keyed systems we will be glad to accommodate you.

HOW TO ORDER MASTER/CUSTOM KEYED LOCKS

Master keyed or custom keyed locks require detailed information as to the nature of the keying. The more information the better.

All master keyed orders ship standard with 2 change keys per lock and 2 master keys per project (except for IC cores). Additional change keys or master keys can be ordered separately. (See pricing on page 37)

Large keyed alike, master keyed or grand master keyed jobs which include 10 or more KA/MK groups must have a key schedule submitted in written form and reference a "project name" and "project location." It is critical we have "project name" and "project location" information so that we can create a record of your project for future reference in case you need to order replacement locks or keys and add additional groups to your project.

Indicate on your custom keyed lock order if the locks are for a "new" or "existing" project. For existing projects you will need to reference your initial "project name and location" information. We will refer to your project record and original lock schedule(s) so that we can correctly key your order.

For more detailed information about custom keying, master keying and grand master keying, see **Keying Information** on page 6.

KEYING INFORMATION

GRAND MASTER OR GREAT GRAND MASTER KEYING

Before we can create a 3 level grand master key system or 4 level (or higher) great grand master key system, we need to have a realistic idea of the complete number of masters, sub masters and key codes that the system will require and whether there will be future expansion. Without this information at the beginning of the process, the options for future expansion may be limited.

SPECIAL STAMPING

See below for standard lock face and key stamping. Custom lock face and key stamping/engraving is available for an additional charge. See page 43 for pricing.

N Series National keyway

STOCK KEYING

- 4-pin standard:** KD and KA# 101, 103, 107, 915
- **100/200/DCN:** Additional (4-pin) KA# 51001, 51002, 51003, 51004
- **T37:** Additional (4-pin) KA# 51001 through 51011 and 001 through 030

STOCK MASTER KEYING

5-pin standard: Orders ship with 2 master keys per project and 2 change keys per lock. Includes **4-digit numeric** key code stamped on the change keys and face of lock. Provide key schedule at time of order.

07834C-1	Pin cover for 300/400/N078/R078	\$0.96
15-1-35	Extended bolt for 100/500	\$10.92
15-2	100/500 bolt driver (standard function)	\$1.52
15-2KR	100/500 key-retaining bolt driver	\$1.52
26-2	200/600 bolt driver (standard function)	\$1.52
26-2KR	200/600 key-retaining bolt driver	\$1.52
S160	Stop screw for 300/400	\$0.97
34-9	Strike bushing for 300/400	\$1.92
S170	Bolt extender for 300/400	\$2.55
S120-SS	Strike screw #6 x 1/2" SS (MRI)	\$0.54
S125-SS	Lock mounting screw #6 x 1" SS (MRI)	\$0.54
S130-UB	Assembly screw (100/200/500/600) (MRI)	\$0.97

FOR 700 & 800

Item	Description	Price Each
10-361	Driver bar for 7/8"	\$1.73
10-361-KR	Driver bar for 7/8" (key-retaining)	\$1.73
10-362	Driver bar for 1-3/8"	\$1.73
10-362-KR	Driver bar for 1-3/8" (key-retaining)	\$1.73
10-363	Driver bar, Medeco	\$1.73
10-364	Driver bar, ASSA	\$1.73
10-360	Universal driver	\$1.41
10-112	Bolt driver, ASSA	\$6.78
10-212	Bolt driver, ASSA	\$6.78
78-KABA-CONV	Kit for KABA cylinders (for 700LC/800LC)	\$6.45
S190	Set screw	\$0.97

777 & 888 SERIES

Item	Description	Price Each
7788-PA-13	Plastic actuator, for key retaining	\$2.88
7788-PA-24	Plastic actuator, for key retaining	\$2.88
7788-PA-D	Plastic actuator, for standard function	\$2.88

920 SERIES

Item	Description	Price Each
7788-PA-D	Plastic actuator, for standard function	\$2.88

931 SERIES

Item	Description	Price Each
931-DR-11	Door driver disk	\$6.78
931-DW-11	Drawer driver disk	\$6.78
931-PA	Plastic actuator	\$2.88
931-1	Spacer for Medeco 6-pin IC core cylinders	\$2.55

721 SERIES

Item	Description	Price Each
725-PA	Plastic actuator	\$2.88
721-1	Standard reversible bolt for 721	\$6.78
721-1-LB	Extended reversible bolt for 721	\$11.27
721-2	Bolt driver (lost motion or key retaining)	\$2.43
721-DR-11	Prong driver (door) for 1-1/4" lock	\$6.78
721-DW-11	Prong driver (drawer) for 1-1/4" lock	\$6.78
721-DRPD-138	Prong driver (door) for 1-3/8" lock	\$7.54
721-DWPD-138	Prong driver (drawer) for 1-3/8" lock	\$7.54
721-DR-11-SP1	Short pin prong driver (door) for 1-1/4" lock	\$6.78
721-DW-11-SP1	Short pin prong driver (drawer) for 1-1/4" lock	\$6.78
S190	Set screw	\$0.97

CR1125/CR25 SERIES

Item	Description	Price Each
725-PA	Plastic actuator	\$2.88
1125-1	6 pin core spacer	\$1.61
CR25-PD	Short-pin prong driver (for CR25 only)	\$5.04

725 SERIES

Item	Description	Price Each
725-PA	Plastic actuator	\$2.88
725-1	Internal spacer for 6-pin SFIC cores	\$1.61

729, 829 & 929 SHOWCASE/RATCHET LOCKS

Item	Description	Price Each
729RS-1	Strap for 1/4" thick material (ships standard)	\$9.91
729RS-2	Strap for 3/8" thick material	\$9.91
729RS-3	Adjustable strap for up to 5/8" thick material	\$14.99

720, 820, 920, CR25, ME93, SA54, YA93 CAM LOCKS (excludes 720B-DM)

Item	Description	Price Each
720-CDLM	Cam driver, lazy motion	\$2.04
720-CDDM	Cam driver, direct motion (key-retain) door	\$2.04
720-KR	Cam driver, direct motion (key-retain) drawer	\$2.04
720-3-1	Short cam, 7/8"	\$2.99
720-3-2	Long vertical cam, 1-3/4"	\$2.99
720-3-3	Long inverted cam, 1-3/4"	\$2.99
720-3-4	Long straight cam, 3"	\$2.99
720-3-5	Long inverted bent cam	\$2.99
720-4	Brass fixing nut	\$4.80
S200-ZP-LT	Machine screw	\$0.97
S260	Threaded cam stop pin	\$0.97
720-PL3	Anti-rotation plate	\$2.39

FOR 720LM/DM

Item	Description	Price Each
725-PA	Plastic actuator	\$2.88
725-1	Internal spacer	\$1.61
720-PD	Prong driver	\$5.04

720B-DM

Item	Description	Price Each
725-PA	Plastic actuator	\$2.88
720-3-D1	Short cam, direct drive	\$2.99
720-3-SC1	Switch cam, direct drive	\$3.96
720-4	Brass fixing nut	\$4.80
720-PL3	Stabilizer plate	\$2.39

U.S. SHIPMENTS

All merchandise is shipped F.O.B. from our Lynnwood, Washington warehouse and becomes the property of the customer when accepted by the carrier. Olympus Lock will pay freight charges on orders of \$1,500.00 net or more to a single destination within the continental U.S.A. (excluding Alaska) via the carrier of our choice. For Hawaii and Alaska Customers: Olympus will pay freight on shipments of \$1,500 net or more to closest U.S. West Coast port.

CANADIAN SHIPMENTS

All merchandise is shipped F.O.B. our Lynnwood, Washington warehouse and becomes the property of the customer when accepted by the carrier. Olympus Lock will pay freight charges on Canadian orders of \$1,500 net or more to closest U.S.A. border crossing via the carrier of our choice provided this information is clearly specified at time of order. Olympus Lock will pay freight charges on Canadian orders of \$2,000 net or more to a single Canadian destination via the carrier of our choice. All duty and/or customs charges are the sole responsibility of the customer.

DELIVERY

Claims resulting from loss, shortages or damage-in-transit must be reported to Olympus Lock within 15 days of delivery. Any claims resulting from shortages, overages, or the shipment of incorrect products by Olympus Lock must be reported to Olympus Lock within 15 days of delivery. Olympus Lock does not assume responsibility for any damages resulting from any delays in delivery.

CANCELLATIONS

Cancellations or alterations to orders will be accepted only when the cancellation or alteration can be made without loss to Olympus Lock. Orders for non-stock and/or custom items may not be cancelled after work has begun.

RETURNED GOODS POLICY

No material is to be returned without our verbal or written permission in advance. All returned goods require a Returned Goods Authorization (RGA) number to be obtained from Olympus Lock prior to returning the goods. Only products purchased within the last 12 months may be returned. Any products purchased more than 12 months prior are ineligible for return. Whether goods may be returned will be at the sole discretion of Olympus Lock, Inc. Merchandise returned must be identified as to original purchase order number, date of purchase, and shipper's name and address.

A 25% restocking fee will apply to all returned goods which are found not to be the responsibility of Olympus Lock.

 **OLYMPUS LOCK**

206-362-3290 | 800-525-0954 | Fax 206-362-3569
Email: info@olympuslock.com
www.olympuslock.com

All goods must be shipped freight prepaid and received at our warehouse within 30 days of receiving an RGA number. Goods not received within 30 days of RGA issuance or for which an RGA number was not issued will not be returned and no credit will be issued.

Returned goods must be received in first-class resalable condition and in original factory packaging. The determination of "first-class resalable condition" will be at the sole discretion of Olympus Lock. Goods that are returned and determined by Olympus Lock not to be in first-class resalable condition will not be returned, will be scrapped at the factory, and no credit will be issued.

The following are non-returnable:

1. Custom keyed, non-stock items
2. Goods that have been installed
3. Goods that required custom stamping
4. Goods with custom, special order finishes
5. Products or parts that have been modified
6. Obsolete or discontinued items

LIMITED WARRANTY

Olympus Lock warrants that its products are free from defects in workmanship and materials under normal installation, use and service. This warranty does not cover defects or damages arising from improper installation, improper maintenance, ordinary wear and tear, misuse or abuse.

The only liability of the company in tort or in contract, whether under this warranty or otherwise shall be limited to repair or replacement of products which are returned prepaid to us within one year of the date of original purchase.

This is a limited warranty and is in lieu of all other representations and expressed or implied warranties. Under no circumstances shall Olympus Lock be made liable for any incidental or consequential damages or losses.

WARNING: CALIFORNIA PROPOSITION 65 STATEMENT

This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

What is California Proposition 65?

Also known as the Safe Drinking Water and Toxic Enforcement Act of 1986, California Proposition 65 is a law that requires warning to consumers if a product exposes consumers to a wide variety of chemicals known by the State of California to cause cancer, birth defects and/or other reproductive harm. Proposition 65 applies only in California.

What does the Proposition 65 warning mean?

A Proposition 65 warning means that the business issuing the warning knows that one or more listed chemicals is merely present in its product. A warning must be given unless a business demonstrates that the exposure it causes poses "no significant risk."

Why does Olympus Lock place a Proposition 65 warning on its products?

A Proposition 65 warning means one of two things: (1) the company evaluated the exposure and has concluded that product exceeds the "no significant risk level"; or (2) the company has chosen to provide a warning simply based on its knowledge about the presence of a listed chemical without attempting to evaluate the exposure.

Out of an abundance of caution, Olympus Lock has elected to place the Proposition 65 warning on all products shipped to California.
